

# CCS Summer Reading Log

Name: \_\_\_\_\_ Grade: Rising 2<sup>nd</sup>

Our first grade class this year has grown by leaps and bounds in the area of reading! It has been so exciting this year to move from reading book to reading book, with the stories becoming more and more challenging, and the students growing to be more and more proficient with their reading. In an effort to continue this growth in reading over the summer months, students are being challenged to participate in a voluntary summer reading program. Students who read **8 picture books OR 2 chapter books** will receive a trip to the treat box from their second grade teacher at the beginning of next school year. More importantly, these students will receive the benefit of beginning second grade at a strong reading level. I hope that you will encourage your child to complete this reading program and that this class will always love reading as much as they do right now! Please complete the reading log as books are read this summer and turn it in to your second grade teacher at the beginning of next school year.
