

TO: NCISAA Member Schools

FROM: Homar Ramirez, Executive Director

DATE: August 6, 2020

SUBJECT: NCISAA Fall Update

The NCISAA has updated its plan for Fall sports. Please note that the following dates and plans are subject to change.

Date	Allowable Activities	Notes
August 10, 2020	Full Practice Begins <ul style="list-style-type: none"> Fall Sports 	Fall Acclimatization Policy must be applied
Week of September 8, 2020	Scrimmages and Games Are Permitted <ul style="list-style-type: none"> Low Risk Sports (Cross Country, Girls Tennis, Girls Golf) 	
Week of September 14, 2020	Scrimmages and Games Are Permitted <ul style="list-style-type: none"> Moderate Risk Sports (Field Hockey, Volleyball, Boys Soccer) 	
Postponed until at least September 11	Football <ul style="list-style-type: none"> High Risk Sport 	

Football is considered the only high-risk sport in the Fall. Football games are postponed until at least September 11. The State Office will continue to meet with Trustees, Advisors and football playing schools to discuss alternative plans and dates.

Each member school may choose to start on the aforementioned dates or at a later time.

The NCISAA has created three sets of minimum standards that all member schools are required to follow in preparation for Fall sports. Universal and Practice/Training standards have been released to member schools as they prepare for the start of practices. Competition standards will be released as we approach actual start dates for games. It is imperative that we all continue to develop contingency plans as we prepare for potential interruptions due to the spread of COVID-19.

Our commitment is to a safe return to sports and our hope is that we can make it happen this Fall.
