## Individual Service Project Form

**Directions:** Submit this form to your NHS chapter adviser to update your community service record in FACTS.

List the service project/activity in which you are participating. Generally, individual service projects are those that are done for or on behalf of others (not including immediate family members) for which no compensation (monetary or otherwise) has been received.

Some examples of projects that are NOT acceptable include the following:

- where the student receives payment of any kind
- self-improvement workshops or conferences
- service performed as a disciplinary action
- babysitting for an individual family
- service to family members or a business for profit
- working State concessions to raise money for prom or senior trip

Please ask an adult supervisor who can verify your participation in the service project to sign on the appropriate line and list the estimated total hours you invested while performing this service. Provide a brief summary of your experience and tasks.
