

Summer Reading 4th Grade

Suggested Reading

Students have grown so much in reading throughout this school year. In an effort to continue this growth in reading over the summer months, students are being challenged to participate in a voluntary summer reading program.

Students who read **2 chapter books** or **10 picture books** will receive credit for the Summer Reading assignment. More importantly, these students will receive the benefit of beginning fourth grade at a strong reading level. We hope that you will work with your child to complete this reading program. Please complete the reading log as books are read this summer and turn it in to your fourth grade teacher at the beginning of next school year.

Any books that are on your child's reading level would be appropriate for summer reading.
