Re: REQUIRED ANNUAL AHERA NOTIFICATIONS

The US Environmental Protection Agency's (EPA) Asbestos Hazard Emergency Response Act (AHERA) requires all schools to inspect building materials for the presence of asbestos. AHERA excludes schools from the inspection requirement if the school was constructed after October 12, 1988, and has a signed statement from the architect or project engineer responsible for constructing the school stating that no asbestos-containing building materials were specified for use in the construction of the school. Our school has been provided such a statement, and is, therefore, exempt from the requirement to conduct an asbestos inspection.
